

## Goodness of Wit Test #23: Times are Changing (CHANCE Vol. 27, No. 1) by WITZ (Jonathan Berkowitz)

**Instructions:** Eleven clue answers must be altered (each in the same way) for entry into the grid. Altered entries are also dictionary entries. The wordplay in each clue indicates the answer with one extra letter that is not entered in the grid. These letters spell out, in clue order, a phrase that indicates how to alter the eleven clue answers, along with the author of the phrase. As a bonus, the solver should supply the source of the phrase.
